**SET OF 8 MAZES**

**BC1044 \$99.95**

***\$200 less than the

This new set of MIT™ Training Mazes with black lines is now available from Bernell. The set contains 8 mazes with increasing degrees of difficulty. They are designed to fit in either the original MIT™ or the new MIT™ 2. The object is for the patient to be able to move the Haidenger Brush through the maze, controlling the location of the brush with the fovea. This advanced technique should be done as one of the final phases of MIT™ therapy.
